Our newest program, OC Ninja, is a hybrid-movement based program that includes obstacle training, gymnastics, trampoline, tumbling, fitness fundamentals, sport readiness training and martial arts components. Curriculum is designed to provide boys and girls ages 5 - 12 an opportunity to thrive, explore and experience this new form of sports movement in a structured environment with specifically designed equipment and apparatus. Goal setting situations are created in each class where students put skills into practice in ways they can achieve personal bests by getting faster, stronger and more agile while also building confidence and character.
